

Naples Golf

Contributed by admin admin

With 100 plus golf courses within 100 miles, Naples keeps players coming back for more. Public links, country clubs and reciprocal memberships challenge duffers to pros. A golfer can tee off on a different golf course every day for five months in Southwest Florida and still not exhaust the range of local options. In fact, our local three-county "Platinum Coast" of golf has more courses and more holes of golf than anywhere else in the United States.

Many do play three to four times a week. They find the game, great outdoors and camaraderie an unbeatable combination. Golf clinics, private lessons and tournaments on courses designed by sport icons spice up the action. Golf is a 12-month sport in Naples, Florida.

How agreeable to picture a panorama of lake-dotted fairways just outside the floor-to-ceiling windows of your own penthouse or sprawling Florida home! Learn more about prestigious Naples golf course communities to locate the one you want to call home.
